

The Prince & Princess of Wales Hospice

STAFF SURVEY RESULTS 2025

The Prince & Princess
of Wales Hospice

STAFF
SURVEY
RESULTS
2025

Introduction

The Prince & Princess of Wales Hospice is committed to fostering a positive and supportive work environment for all employees. To ensure we are meeting this goal, we conducted an Employee Satisfaction Survey to gather feedback directly from our staff.

The survey, facilitated by our HR providers, Beyond HR, aims to understand how satisfied our staff were in their roles and to identify areas where we can improve as an organisation.

All survey responses were confidential and Beyond HR provided the senior management team with analysed data and anonymised comments only, ensuring all staff privacy was respected.

This survey was sent out to all staff (166) with 98 staff members completing the questionnaire, with participation by department, as below:

Clinical	
37	
Facilities	
7	
Medical	
2	
Retail / Income Generation / Business Team	
52	
Total	
98	

Action plans were formulated in partnership with our staff to capture the lower score questions and emerging themes.
